

Subject: Year 11 Exam Preparation Pack and Upcoming Parents' Evening

Dear Parents and Carers,

We are pleased to share that the Year 11 Exam Preparation Pack has now been launched. Students have received a printed copy during their recent assembly, and this resource—along with other useful revision tips—will also be uploaded to the Academy website for easy access.

The pack is designed to help students take ownership of their learning through metacognitive strategies, enabling them to plan, monitor, and evaluate their revision effectively. It is specifically intended to prepare students for the next mock assessment window, which begins week commencing 12th January 2026.

By engaging with the resource, students will:

- Plan their approach to revision by identifying key topics, knowledge or skills and allocating time effectively.
- Monitor their understanding during self-guided revision, recognising areas of strength and weakness.
- Evaluate the effectiveness of their strategies after completing tasks, adapting methods for improvement.

Form tutors and subject staff are ready to support students as they work through the booklet. Over the coming weeks, these strategies will be reinforced in school to ensure students are confident in their preparation.

Our upcoming Parents' Evening will be an ideal opportunity to find out more about your child's individual areas of need. We strongly recommend that students bring their booklet to appointments so that it can be discussed with teachers and used to guide conversations about next steps.

Thank you for your continued support in helping our students prepare for success in their exams.

Kind regards,

C Parish
Assistant Principal
